

## PRESS RELEASE

### **PSA-Sulu Statistical Researchers Begin 2025 LFS and FIES Fieldwork**

Date of Release: July 10, 2025

Reference No. 66PR-2025-016

*PSA-Sulu statistical researchers begin fieldwork for the 2025 LFS and FIES across selected areas in the province.*

After wrapping up a week-long training, the statistical researchers of PSA-Sulu have officially started their fieldwork for the 2025 Labor Force Survey (LFS) and Family Income and Expenditure Survey (FIES). The team is now deployed across various areas in the province, ready to gather important data from selected households.

The information collected through the LFS and FIES will help provide a clearer picture of employment conditions, income levels, and how families manage their day-to-day expenses. These surveys play a big role in helping the government create programs and policies that respond to the real needs of Filipino households.
