Date of Release: 02 May 2024

Reference No.: 38PR-2024-59

Participants, during the MCCB Convening, at the Municipality of Gen. S. K. Pendatun, MDS

May 2, 2024 — General S. K. Pendatun, Maguindanao del Sur: In preparation for the Community-Based Monitoring System (CBMS) 2024, the Philippine Statistics Authority — Maguindanao Provincial Statistics Office spearheaded the convening in General S. K. Pendatun, Maguindanao del Sur.

The event witnessed the active participation of key figures including Municipal Mayor Datu Rafsanjani P. Ali, Sara Mae S. Makakena (Municipal Administrator), distinguished LGU Department Heads, and proactive members of the LGU community. The open forum delved into crucial topics such as the security of enumerators and strategies for ensuring the success of CBMS 2024. Concerns were voiced and solutions were explored, showcasing a collaborative effort towards data accuracy and community empowerment.

Of noteworthy mention were the pledges of support from Barangay Chairmen, who committed to facilitating access for enumerators within their respective areas. The persuasive insights shared by the PSA-Maguindanao representative garnered consensus among participants, highlighting the potential of CBMS 2024 in identifying areas requiring special attention and the local government's role in effectively addressing community needs.

In his address, municipal Mayor Datu Rafsanjani P. Ali expressed unwavering support for CBMS 2024. He directed LGU Head officers and Barangay Chairmen to actively collaborate and provide the necessary assistance for a comprehensive and reliable data collection process.
